About

Ravizsteelteck is a group of well-experienced engineers for outsourcing Steel Detailing and Design Services, specialized in providing innovative steel detailing & engineering solutions to the structural steel industry across the globe at affordable rates.

Our team is comprised of best-in-class individuals with an encouraging leadership to carry out the most complex projects within the specified time limit with premium quality.

We are practicing the best means for our business to build up strong and long-term relations with our clients.

Why Choose Ravizsteelteck for Your Steel Detailing and Design Needs?

At Ravizsteelteck, we stand out as a premier choice for all your Steel Detailing and Design Service requirements. Our commitment to excellence and innovation sets us apart in the industry. Here's why you should consider partnering with us:

Experienced & AISC certified Team

Well experienced team of engineers with more than 15+ years of experience in Detailing & Design Service

One-Stop Solution

Ravizsteelteck provide world-class structural detailing solutions, connection design and calculation with PE stamp with respect to the province/State

Delivering Value to Customers

Cost effective bids, obtain consistent Results, on time delivery & understanding and adopting client standards

Quality Standards

ACCURACY & QUALITY

ON - TIME DELIVERY

CLIENT - FOCUSED APPROACH

Services

At Ravizsteeltek, we offer a comprehensive range of specialized services that cater to your diverse Steel Detailing and Design needs. With a focus on precision, innovation, and efficiency, our team of experienced engineers is dedicated to delivering top-tier solutions that exceed expectations.

Structural Steel Detailing

Our precision-engineered blueprints lay the foundation for robust and resilient structures, ensuring every detail is flawlessly executed to meet stringent industry standards.

Miscellaneous Steel Detailing

From intricate ornamental designs to utility-focused structures, our meticulous detailing expertise covers a wide spectrum of steel applications, bringing your visions to life with accuracy.

PEB Steel Detailing

Our streamlined approach to pre-engineered building detailing ensures swift and accurate planning, contributing to efficient construction processes and optimized outcomes.

Connection Design

Seamlessly integrating steel connections is at the heart of our design philosophy, providing stability and structural integrity that stands the test of time.

Structural Steel Estimation

Accurate cost projections are essential for successful projects. Our detailed estimations empower informed decision-making, allowing you to manage resources effectively.

Resources Management

Efficient allocation and optimization of resources are pivotal in project success. Our strategic management ensures that every resource is utilized to its fullest potential, driving results and minimizing waste.

**Irrespective of scale, at Ravizsteeltek,
we embrace every project with
unwavering priority and expertise.**
